### ACTIVITY STATIONS: 10:15AM-2PM

Activity	Organization	Location
<p><b>Activity:</b> Time to Grow!</p> <p>This activity will include planting a seed with your little one. It can be extra special for young children, as will being able to watch the plant as they both grow. One big bonus of this activity is that it will teach your child patience, caretaking, and teamwork.</p>	<p>Fred Aguilar Promise Center</p> 	<p>Auditorium Station: 1</p>
<p><b>Activity:</b> BIB &amp; BBT Information</p> <p>Take a moment to talk to our Babies in Baytown team to learn more about our organization and sign-up for a free text message service to receive resources and activities in and around your community.</p>	<p>Babies in Baytown</p> 	<p>Auditorium Station: 2</p>
<p><b>Activity:</b> Tummy Time Circle</p> <p>Supervised tummy time is important because it helps to strengthen baby’s neck, shoulder, and arm muscles so the baby can start to sit up, crawl, and eventually walk on their own. It also Improves baby’s ability to move and control their muscles to complete various actions that develop their motor skills.</p>	<p>First3Years</p> 	<p>Auditorium Station: 3</p>

Baytown Community Center | 2407 Market St, Baytown, TX 77520

### ACTIVITY STATIONS CONTINUED: 10:15AM-2PM

Activity	Organization	Location
<p><b>Activity:</b> Soft Play</p> <p>Playing with blocks together encourages cooperations and creates a sense of connection and shared accomplishment. Be creative with what you build, knock them down and rebuild!</p>	<p>GCCISD/FLG Volunteers</p> 	<p>Auditorium Station: 4</p>
<p><b>Activity:</b> Infant Feeding</p> <p>Infant and young child feeding is crucial to a child's overall health, growth, and development. Engage in a fun educational activity on infant feeding.</p>	<p>L.I.F.E. Houston</p> 	<p>Auditorium Station: 5</p>
<p><b>Activity:</b> Sensory Bins</p> <p>It's time to get your hands in the bins! Sensory play plays an important role in your child's development. Not only does it help your child activate their five senses (sight, smell, hearing, touch and taste), but it also improves their language and motor skills. Sensory play also promotes exploration, creativity, curiosity, and problem solving.</p>	<p>Church Women United</p> 	<p>Auditorium Station: 6</p>
<p><b>Activity:</b> Bonding Beats</p> <p>Creating sounds and rhythms, dancing along...cherish these simple moments you and your child enjoy. Use your hands, feet, and everyday objects to make music you can move &amp; groove to.</p>	<p>GCCISD/FLG Volunteers</p> 	<p>Auditorium Station: 7</p>
<p><b>Activity:</b> Messy Hands, Full Hearts</p> <p>What's your favorite way to explore the world? Creating and discovering new things can be messy...but sticky situations strengthen bonds!</p>	<p>GCCISD/FLG Volunteers</p> 	<p>Auditorium Station: 8</p>
<p><b>Activity:</b> Facepainting</p> <p>Select your favorite look and have your little one's face painted!</p>	<p>Family Leadership Group</p> 	<p>Auditorium Station: 9</p>
